Build a Resilient and Skilled Workforce—Develop a Solid Foundation for the Future

Improve the safety and performance of your workers. Whether they're on-site, at a desk, or traveling between jobs, organizations and individuals face constant pressure to stay up to date, safe, and certified. OpenSesame works with you to choose the right courses to train your employees on the most in-demand skills.

TOP CONSTRUCTION CHALLENGES:

1 Compliance risk management

2 Worker Safety

3 Constant changes to laws and regulations

4 Labor/skills shortages and high employee turnover

5 Potential fees and penalties due to lack of training

> OpenSesame offers learning on a range of topics that is second to none. No matter the topic, however obscure or industry-specific, however new a law or compliance requirement, I can find something on OpenSesame to meet my need. They save me from hunting across multiple platforms to find learning by providing excellent content and even better service.
