

Stay One Step Ahead of the Market with Your **Global Finance Workforce**

Given the fast-paced and dynamic nature of one of the most stringent and regulated industries, financial organizations like yours face unique challenges. Local and federal regulations change constantly, making it difficult and time consuming to keep up with training your employees. Meanwhile, gathering employees in one place for training can be expensive. So many companies in the industry turn to elearning to more efficiently train employees in a timely manner. Online training gives employees the flexibility to complete courses on their own time, reduces travel costs and allows them to be more productive. OpenSesame gives global teams ideal deployment of the exact training they need.

TOP FINANCE CHALLENGES:

- 1 Constant changes to laws and regulations
- 2 Changing financial market
- 3 Cybersecurity threats
- 4 Potential fees and penalties due to lack of training
- 5 Constant interruptions disrupting workflow for employees

SS **OpenSesame has been integral to helping our organization deliver development opportunities to our employees. Through this relationship, we have been able to provide hundreds of courses to help employees improve their business skills and more...You can tell the employees at OpenSesame are passionate about their clients and about what they do.** *SS*
