

The **Technology Learning** You Need to Harness the Future

New technologies and processes are an ever-present business consideration for every organization. From internal needs to those of an advanced consumer marketplace, tech continues to rapidly change the way everyone does business. Whether your workplace needs office skill level training, deep dive education in programming skills or the latest security protocols, OpenSesame starts you off with a wide-ranging course catalog designed to keep your learners technologically on top. OpenSesame's technology training is comprehensive and agile — allowing your workforce to embark on in-demand training whenever, wherever, from any device.

TOP TECHNOLOGY CHALLENGES:

- 1 Constant changes to laws and regulations
- 2 Cybersecurity risk
- 3 Rapidly changing business environments and competitors
- 4 Labor shortages and high employee turnover
- 5 Reskilling employees

“When I came across OpenSesame, they gave me **easy opportunities** to work with one company and find content throughout the world”

Joyce Holmes
Global Manager for Learning and Development,
Toshiba Global Commerce

Expert Course Curation

We curate the right blend of courses so you don't have to. Every decision is based on insights, data and metrics gathered from the hundreds of organizations we work with.

Most Comprehensive Catalog

OpenSesame is constantly evolving. We offer the world's most complete catalog of training content — with courses in 18 languages, many mobile ready.

Engaging Formats

Choose from training content in a variety of formats to fit how your workforce prefers to learn — short, microlearning, long, quizzes, certifications, simulation-based scenarios, worksheets and more.

OPENSESAME COURSES INCREASE LEARNER ENGAGEMENT

95% of organizations agreed with the following statement: "OpenSesame has helped increase learner engagement due to a greater variety of content."
